

# Welcome to Yufuin!

## Guide to Tourist Etiquette

Thank you for visiting Yufuin – the popular hot spring town where locals and tourists mingle. We strive to protect nature and the landscape so that both locals and tourists can enjoy the natural beauty. To make sure you enjoy your time here, this leaflet explains the rules of etiquette for visitors in Yufuin. Please read the following.

### Street Etiquette

#### Don't enter private properties and fields

Yufuin is not only a tourist destination but also a residential community. Respect residents' right to peace and quiet. Keep your voice at a moderate volume.

#### Don't litter

We strive to keep the streets clean and safe. Don't litter or do anything that may harm the environment.

#### Be considerate when you take pictures

When taking pictures, make sure you are not standing in the way of anyone, including shop staff, pedestrians, and residents.

#### Don't block the sidewalk when you walk

The streets are always crowded with pedestrians and vehicles. Don't block the sidewalk by walking side-by-side.

## Public Restroom Etiquette

There are two types of toilets in Japan.

Western style toilet: Open the lid and sit with your back to the tank.

Japanese style toilet: Squat over the toilet facing the hood.

Flush used toilet paper instead of throwing it in the trash can

Japanese toilet paper is water-soluble. Flush used toilet paper.

Please help keep the restrooms clean so that everyone feels comfortable
