Experience the art and crafts of Yufu City

# ENJOY THE CRAFTS OF TRADITIONAL JAPAN FIRSTHAND

Just by sightseeing around the streets of Yufuin, you can easily miss the opportunity to experience traditional Japanese crafts.

## Chopsticks

LET'S CREATE!

お箸  
OHASHI

Chopsticks, essential eating utensils to fully enjoy a traditional Japanese meal. In a natural surrounding, using your own hands, create some beautiful hand-crafted chopsticks, in no time at all.

Step 1

All materials and tools needed are sourced locally. Anyone can make these chopsticks. All you need to use is a pen-knife and some sandpaper.

Step 2

At first the profile of the chopsticks are formed by whittling away the shafts with a pen-knife to the desired shape. You can enjoy making your own unique style of chopsticks only here.

Step 3

After the initial shaping is completed, finishing is done by sanding the shafts to a smooth finish. All completed chopsticks are then personalized with a hot poker. The whole process is completed within 2 hours.

Step 4

The end product is then sealed with a waterproof clear coating, and later mailed free of charge to an address of your choice.

## Weaving

LET'S CREATE!

機織り

HATAORI

With careful guidance and tuition even beginners can easily weave their own unique piece of traditional Japan.

Step 1

A color of your choice is first chosen from a variety of materials. From here we begin the process of weaving your own unique lunch mat.

Step 2

The thread is then set in the loom, under the expert advice of the experienced staff on hand.

Step 3

The loom is hand operated, and slowly at your own pace you can change colors, or thread materials at anytime to create your own unique colorful, and textured piece of art.

Step 4

Once completed a totally custom-made lunch mat in length, color and texture is yours to take home right then and there.

## Ceramics

LET'S CREATE!

陶芸

TOHGEI

Japan is famous for its beautiful ceramic craftwork. With a variety of designs of cups, bowls or vases on offer for you to create. We have two contrasting styles of ceramic craftwork available for you to experience.

## TOHGEI

Clay is spun on an electric potter wheel in the conventional manner.

## TEBINERI

The clay is kneaded manually to the desired shape without the piece moving at all from the table.
